

Carson Yee

Curriculum Vitae

Stanford, CA | 559-321-4815 | carsony@stanford.edu | [LinkedIn](#)

Profile

Motivated and versatile student pursuing Engineering with strong leadership experience, hands-on technical skills, and a deep commitment to community empowerment. Co-founded and scaled the Beta Psi Psi chapter of the Phi Theta Kappa Honor Society to 375+ members, actively guiding strategic growth and community impact. Actively applied technical initiative and collaborative teamwork through diverse engineering projects, ranging from large-scale municipal risk assessment and capital planning to mechanical prototyping of underwater ROV manipulators. Over a decade of martial arts training has built resilience, discipline, and a growth mindset. Passionate about making a meaningful impact through service in missions work, youth mentorship, and environmental advocacy. Carries a dependable work ethic, strong problem-solving skills, and the ability to thrive in both technical and application-focused settings.

Education

Stanford University

BS in Electrical Engineering, Hardware/Software Systems Concentration

Stanford, CA

September 2026 - Present

Clovis Community College

Summa Cum Laude, 4.00 GPA

Fresno, CA

August 2024 - May 2026

- 12 Associate Degrees in Engineering, Mathematics, Physics, Economics, and Business Administration

Professional Experience

Engineering Intern/Risk Analyst

Akel Engineering Group, Inc.

Fresno, CA

August 2025 - August 2026

- Evaluated business risk for municipal water systems using ArcGIS Pro, Excel, and AI-driven automation
- Developed multi-million dollar renewal and replacement plans to secure and deploy infrastructure investment
- Authored a specialized curriculum to train engineers and interns in data analysis and risk assessment

Assistant Auto Mechanic

Contreras Smog & Auto Repair

Fresno, CA

September 2022 - September 2024

- Performed maintenance, diagnostics, and repairs including fluid changes, brakes, and catalytic converters
- Utilized industry-standard diagnostic software, precision tools, and shop equipment to support smooth operations
- Applied problem-solving, communication, and adaptability with a focus on quality and detail

Financial Services Representative

Educational Employees Credit Union

Fresno, CA

June 2022 - August 2023

- Accurately processed financial transactions, maintaining detailed records and demonstrating professionalism
- Delivered noteworthy customer service and clear communication, earning 50+ positive member reviews
- Handled financial software efficiently while demonstrating professionalism, teamwork, and integrity

Host & Busser

Chili's Grill & Bar

Fresno, CA

June 2023 - August 2023

- Efficiently managed seating assignments, waitlists, and incoming calls while warmly greeting guests
- Proactively communicated guest concerns and feedback to management to enhance the dining experience
- Bussed and reset tables, maintained a clean environment, and supported team members for efficient service

Engineering Projects

Manipulators Sub-Team, MATE ROV Competition Explorer Class

Fresno, CA

Engineering Renaissance Club

November 2025 - June 2026

- Designed a linear-actuated manipulator using lead screws, flexible couplers, and bearings to mitigate side-loading
- Developed a passive deployment canister with a magnetic breakaway head to spool and release payloads
- Engineered gear-driven four-bar linkage grippers in SolidWorks w/ toleranced part geometries for 3D printing

Electromechanical Design Project, “Trick or Treat”

Fresno, CA

Engineering Renaissance Club

September 2025 - November 2025

- Directed a six-person team through the complete design lifecycle of an interactive electromechanical device
- Co-authored the project technical report and collaborated to establish the electrical Bill of Materials
- Wired an Arduino Uno, actuators, and an L298N dual H-bridge motor driver for bi-directional DC motor control

Sustainable Housing Infrastructure Solutions Project

Fresno, CA

Central California Engineering Design Challenge (CCEDC)

September 2024 - November 2024

- Co-authored a technical report and designed a cost-optimized tiny home prototype to address local housing crises
- Optimized thermal efficiency and structural integrity, enabling the model to support a load of five reams of paper
- Evaluated construction and operating expenses using an Excel cost calculator, placing 3rd in construction cost

Research Experience & Publications

Academic Journal Publication - Culture, Society, and Praxis, Vol. 18

Monterey, CA

Racial Injustice, Resistance, and Redemption in To Pimp a Butterfly

October 2024 - May 2026

- Analyzed Kendrick Lamar’s *To Pimp a Butterfly* as a profound critique of the socio-political state of America
- Interpreted layered poetry and rhetoric to illustrate the evocative power of contemporary protest art
- Examined storytelling techniques to investigate narratives of struggle, resilience, and empowerment

Ecosystem Health Research

Yosemite National Park, CA

Water Quality in The Sierras

May 2025 - October 2025

- Evaluated high-elevation water quality via ICP-OES and GC-MS following a 16-day backcountry field study
- Synthesized geochemical data from remote watersheds to identify localized human-impact outliers
- Advocated for environmental conservation by presenting chemistry findings at a regional ACS conference

Honors & Awards

~ Summa Cum Laude, Clovis Community College	May 2026
~ Educational Employees Credit Union Student Grant Recipient	March 2025
~ Valedictorian, Clovis West High School	June 2024
~ California Seal of Biliteracy	June 2024
~ National Honor Society Member	September 2022- June 2024
~ National English Honor Society Member	September 2023 - June 2024
~ California Scholarship Federation Member	September 2020-June 2024

Technical & Professional Skills

- Professional: Capital Planning, Risk Assessment, Systems Optimization, Project Management, Strategic Growth
- Technical: Iterative Prototyping, CAD Design, Technical Research, Data Analysis, Circuit Wiring, Soldering
- Software & Programming: C++, MATLAB, Arduino IDE, ArcGIS Pro, AutoCAD, SolidWorks, Multisim, TinkerCAD, Excel, Aquatwin
- Hardware & Systems: DMM, Oscilloscope, Function Generator, Bench PSU, microcontrollers

Leadership & Teaching Experience

President & Chartering Officer

Fresno, CA

Phi Theta Kappa Honors Society | Beta Psi Psi Chapter

October 2024 - May 2026

- Co-founded and scaled the chapter to 375+ members while establishing systems for long-term continuity
- Secured \$10,000+ in funding to subsidize conference travel and pioneer a new member engagement system
- Led transfer and professional development workshops while overseeing campus and community initiatives

Junior Karate Instructor

Fresno, CA

Japan Ways Traditional Shotokan Karate

November 2023 - September 2026

- Instructed dojo students as a Shotokan Karate International Federation Certified first-degree black belt
- Encouraged and instructed students in the fundamentals of martial arts, fostering discipline, grit, and confidence
- Led class warm-ups, demonstrated techniques, and guided students of all ages to support personal development

Private Tutor

Fresno, CA

Volunteer In-Home Tutoring

August 2024 - May 2026

- Tutored younger sibling three times per week in core subjects, providing essential academic support
- Fostered foundational learning and promoted strong study habits while demonstrating patience and responsibility
- Adapted specialized instruction to support 504 plan accommodations and unique learning needs

Extracurricular Activities

Martial Arts

Fresno, CA | Clovis, CA

Japan Ways Traditional Shotokan Karate & 7th Generation Brazilian Jiu Jitsu

June 2013 - Present

- Achieved First Degree Black Belt in Shotokan Karate, certified by Shotokan Karate International Federation
- Intently cross-train in Brazilian Jiu Jitsu, focusing on grappling, submissions, and ground defense
- Garnered over a decade of disciplined training emphasizing self-control, perseverance, and personal growth

Church Ministry & Engagement

Fresno, CA

First Church of God of Fresno

January 2020 - August 2026

- Contributed to Missions fundraising and annual housebuilding trips to Mexico with Welcome Home Outreach
- Operated and troubleshooted visual/audio systems during Sunday services, ensuring smooth technical integration
- Taught Sunday School, fostering growth and confidence in young learners through supportive guidance

Hobbies & Interests

- Outdoors: Hiking, Backpacking, Camping, and Fishing
- Sports: Skiing, Snowboarding, and Skateboarding
- Music: Guitar and Alto Saxophone

Other Volunteer Service

- ~ Homeless Shelter Volunteer | Poverello House April 2026
- ~ Community Cleanup Volunteer | Beautify Fresno October 2022 - February 2026
- ~ Distribution Center Assistant | Central California Food Bank January 2024 - May 2024
- ~ Solar Suitcase Construction for Refugees in Bidibidi, Uganda | Environmental Club January 2023 - April 2023
- ~ Peer Tutor | National Honor Society August 2022 - May 2024
